

KOOCO

Rely on the principle of the forerunner of international technique equipments and The careful system of production control. inspire bath each products, from the beginning of born, will need Through design esthetics, the person machine engineering, the layer after layer test of the experience psychology etc. Then is each work nicety process, careful and attentive quality check of each zero parts, tight supervision of each link, just can be sent to your hand. Each step all take international level as standard, just infinite satisfy your quality need. the latest material and technique usage more relief inspire eager innovation trend. We pursue persevering the international quality, now have gain move country quality approve, each uncommon product, each perfect detail all can feel inspire bath charm. We offer only the perfect quality product, but also the meticulous molded life style.

Tornado-X® Flush technology

CLEANER QUIETER SMARTER

Self-Cleansing Effect

WINNING TECHNOLOGY

TORNADO-X® HAS WON CUSTOMER SATISFACTION IN RECOGNITION OF ITS DESIGN AND ADVANCED TECHNOLOGY

CLEANER

TORNADO-X® technology outperforms all existing toilets in terms of hygiene. Traditional toilets leave a significant area of the bowl unwashed, particularly at the back of the bowl. TORNADO-X® channel is positioned close to the top of the bowl so that 95% of the surface area beneath is cleaned every time. With TORNADO-X® technology, the optimised water pressure and smooth curves of the bowl flush bacteria clean away with no unhygienic splashing. The bowls are also very easy to clean, with no overhanging bottom bowl to collect potentially dirty deposits.

SMARTER

Technology is expected to function perfectly when it is combined with elegant and unobtrusive design, coupled with tangible functional benefits; then you truly have a product that can be described as a smarter design.

QUIETER

In comparison with many traditional flushes, TORNADO-X® is up to 80% quieter. Our Lab comparisons have been made against exact like-for-like toilet bowls, one with the new revolutionary TORNADO-X® flush and one with a traditional flush. The results show a 20% reduction in noise.

KOOOO
SMART
TOILET

What can we enjoy when water keeps close relations with our bodies,
our fingers and our skins? The answer is elegance and luxury.

Technical Installation Instructions

1

Parts required to mount cistern to pan

2

Attach cistern bolts into pan
Tighten bolts from underneath

3

Ensure outlet rubber is fitted to cistern

4

Sit cistern onto pan.

5

Use supplied bolts to fasten cistern to pan

6

Top inlet finish

Optional elbow for set-out of 160-220mm

Adjustable S Trap Pan Connector Offset (optional)

1. Open the box and check all the components.
2. Insert the expansion fittings (5) into the seat bolt holes in the WC.
3. Assemble washers (4), Hinge fixings (3) and the bolts (2) as shown in the diagram. Leave loosely attached.
4. Align the hinge housing of the seat with the hinge fixings and adjust the seat to desired position.
5. Remove the seat by depressing the chrome release buttons and lifting upwards.
6. Tighten the bolts with a Phillips head screwdriver ensuring that the expansion fittings are secure. Put the decorative cap in the position, then place the seat on the hinges.

- ① Decorative cap
- ② Bolt
- ③ Hinge fixing
- ④ Washer
- ⑤ Expansion fitting

SUS hinge, rotate 360° suit kind of toilet.

You only need to Press The 2 Buttons

Available with inserted hinge For Easy Installation.
